Professional Summary

Accomplished Front-End Developer with over 8 years of experience building high-performance, user-centric web experiences for prominent brands including Disney and Joico. Expert in WordPress, and e-commerce platforms with a deep commitment to WCAG accessibility standards. Skilled at combining technical precision with a keen eye for great design to deliver intuitive, visually compelling digital solutions that engage users and drive measurable business results.

Technical Skills

- Languages & Frameworks: JavaScript (ES6+), HTML5, CSS3, PHP, jQuery
- CMS & Platforms: WordPress (Custom Theme Development, Custom Post Types, Advanced Custom Fields), Shopify
- Tools & Concepts: Responsive Design, REST APIs, Browser DevTools, WCAG Accessibility Audits, UX Design Principles, Figma, Wireframing, Google Analytics

Professional Experience

LAS Agency | Lead Developer & Project Manager | 2021 - Present

- Lead end-to-end development of high-traffic WordPress sites for multinational hair care brands, ensuring on-time delivery and alignment with business goals.
- Modernized legacy sites by implementing WCAG accessibility standards and optimizing for Core Web Vitals, resulting in improved search rankings and user engagement.
- Translate complex client requirements into actionable development specifications, serving as the primary technical liaison between stakeholders and development teams.

Cyberset | Web Master | 2019 - 2020

- Managed full-cycle web development projects, modernizing legacy sites to improve performance and cross-device accessibility.
- Implemented responsive design and WCAG standards across client portfolios, enhancing user experience and boosting SEO metrics.
- Collaborated with stakeholders to define technical requirements, ensuring seamless project execution from concept to launch.

Disney ABC | Web Developer / 2017 - 2019

- Developed high-visibility special event marketing sites using responsive frameworks to ensure optimal viewing across all platforms.
- Managed extensive digital assets within a complex CMS, ensuring accurate and timely publication of promotional materials for millions of users.
- Proactively identified and resolved system issues, collaborating with backend teams to maintain 100% site uptime during critical marketing campaigns.

Key Projects

Joico, developer | <https://www.joico.com/>

- Developed custom functionality via PHP theme file updates to extend platform capabilities.
- Conducted WCAG accessibility audits and implemented code updates to ensure W3C compliance across all devices.
- Managed content strategy, producing 6-8 monthly blogs, professional guides, and interactive campaigns for salon professionals.
- Executed code integrations for Salonory eCommerce platform and consent-triggered marketing tools.
- Oversaw regional site localization for South America, Canada, and Australia.
- Integrated BazaarVoice product reviews to enhance social proof and user engagement.

SexyHair, developer / project manager | <https://www.sexyhair.com/>

- Designed and implemented the multinational SexyHair site, including homepage, blog, and product page architecture.
- Developed custom functionality via PHP theme file updates to support unique business requirements.
- Conducted WCAG accessibility audits, ensuring compliance across browsers and devices.
- Integrated BazaarVoice product reviews to drive customer engagement and trust.
- Created interactive quizzes and event pages targeting both consumer and professional users.

Terra Vista, developer | <https://terravistatejon.com/>

- Designed and developed a rental property site featuring tour booking integration, property galleries, and interactive floor plans.
- Implemented analytics tracking to monitor user engagement and inform site optimizations.
- Provided product management support to guide feature development based on user behavior data.

Tejon Outlets, developer | <https://tejonoutlets.com/>

- Designed and developed a comprehensive site for Tejon Outlets, featuring store directories, event calendars, blog, and travel information.
